STUDENTS admitted any time during the year.—The
course of instruction embraces Book keeping by Double

Entry, as used in every department of business, Commercial Calculations, Mercantile Forms and Customs, and Business

Pennmanship. The design of the institution is to give young men a thorough training, preparatory to entering into business. In a properly conducted Mercantile Institution, a bet-

ter knowledge of Mercantile Science can be obtained, in from

eight to twelve weeks, than can be acquired in any one branch

of business in a life-time. The principles of Accounts are first thoroughly taught, and then their application to every

variety and class of business operations, is made familiar by frequent examples. The Student is required to perform the

same kind of work as if he were in a Counting Room. A

thorough course of instruction is given in Mercantile Calculations, upon the most approved methods, and Business Pen-

Scientific Evidence.—Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be prepared from the mucous membrane of the stomach of the Ox, in which 200 Barrels Louisville Hydraulic Cement in store, and for sale by various articles of food, as meat and eggs, will be softened,

Dr. Craham, author of the famo is works on "Vegetable Die," says: "it is a remarkable lact in Physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effeeting a kind of artificial digestion of them in no wise dif-

ferent from the natural digestive process."

Dr. Simon's great work, the "Chemistry of Man," (Lee & Blanchard, Philadelphia, 1846, pp. 821-2,) says: "The discovery of Pepsin forms a new era in the chemical history of digestion. From recent experiments we know that food is dissolved as rapidly in an artiacial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself." Professor Dunglison, of the Jefferson College, Philadelphia, his great work on Human Physiology, devotes more than fly pages to an examination of this subject. His experiats with Dr. Beaumont, on the Gastric Juice obtained from the living human stomach, and from animals, are well known. "In all cases," he says, "digestion occurred as per-

fectly in the artificial as in the natural digestion." Dr. John W. Draper, Professor of Chemistry in the College of the University of New York, in his "Text Book of Chemistry," page 386, says: "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be.

R. & J. NIXON! BWAG MEDICAL.

AFFLICTED READ! PHILADELPHIA MEDICAL HOUSE.—Established 15 years ago by DR. KINKELIN. The oldest, surest and best hand to cure all forms of secret diseases of the skin, and solitary habits of youth, is DR. KINKELIN, N. W. corner of Third and Union streets, between Spruce and Pine, one and a half squares from the Exchange, Philadelphia. Take Particular Notice. There is a habit which

boys teach each other at the academy or college-a habit indulged in when by themselves, in solitude, growing up with the boy to manhood, and which, if not abandoned in due time, not only begets serious obstacles to matrimonial hap-piness, but gives use to a series of protracted, insidious and devastating affections. Few of those who include in this permicious practice are aware of the consequences, until they find the nervous system is shattered, feel strange and unaccountable feelings, vague fears in the mind. The individual becomes feeble, he is unable to labor with accustomed viger, or to apply his mind to study; his step is tardy and weak, he is dull and irresolute, the countenance is downcast, the eyes without natural lustre, shamefacedness is apparent. These are symptoms which should awhker the attention of those similarly afflicted. If the victim be conscious of the cause of his decay, and

having relinquished the odious practice, he suffers under those terrible nocturnal emissions, which weaken and shame him, producing mental and physical prostration. If he emancipate himself before the practice has done its worst, and enter matrimony, his marriage is unfruitful, and his senses tell him that this is caused by his carly follies. Too many think they will hug the secret to their own hearts, and cure themselves. Alasl how often is this a fatal delusion, and how many a promising youth, who might have been an ornament to society, has faded from the earth! Young Men!—Let no false modesty deter you from

making your case known to one who, from education and respectibility, can alone befriend you. He who places himself under DR. KINKELIN'S treatment, may religiously confide this honor as a gentleman, and in whose bosom will be orever locked the secret of the patient. Country Invalids. Finding it inconvenient to make

personal application, can, by stating their case explicitly, together with all their symptoms, (per letter post paid,) have forwarded to them a chest containing Dr. K.'s medicines, appropriated accordingly, and be cared at home. Strictures of the arethra, weakness and constitutional debility, promptly cured, and full vigor restored. All letters

post paid.

* A remittance of 25 cents in a letter, postpaid, alderssed to Dr. Kinkelin, Philadelphia, will secure his book on the Secret Infirmities of Youth.

mily cured by Dr. Roofland's Celebrated German Bitters. repared by Dr. C. M. JACKSON, at the German Medicine Store, 120 Arch street, Philadelphia. Their power over the above diseases is not excelled, if equaled, by any other preparation in the United States, as

the cures attest, in many cases after skillful physicians had These Bitters are worthy the attention of invalids, possessing great virtues in the rectification of diseases of the liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, sate, certain and pleasant.

READ AND BE CONVINCED. From the "Boston Bee."

The editor said, Dec. 22d: DR. HOOFLAND'S CELEBRATED GERMAN BITTERS, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Netyous Debility, is deservedly one of the most popular medieines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself recoived an effectual and permanent cure of liver complaint from the use of this remedy. We are convinced that, in the use of these bitters, the patient constantly gains strength and vigor -a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most deheave stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use.

"Scott's Weekly," one of the best literary papers pub ished, said, Aug. 29th: "Dr. Hoolland's German Bitters manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of Female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much siekness. Persons of debilitated constitution will find these bitters advantageous to their health, as we know from experience the salutary effect they have on weak

More Evidence .- The Hon. C. D. Hineline, Mayor of the city of Camden, N.J., says: "HOOFLAND'S GERMAN BITTERS.-We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say that we found it specific in its action upon diseases of the iver and digestive organs, and the influence it exerts upon

ervous prestration is really surprising. It calms and strengthens the nerves, making sleep refreshing. "If this medic ne was more generally used, we are satisfied there would be less sickness, as from this stomach, liver and pervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordary medicine we would advise our friends who are at all indisposed, to give a trial; it will recommend itself. It should in fact here are some family. should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the fore going,) from all sections of the Union, the last three years, and the stongest testimony in its favor, is, that there is more of it used in the practice of the regular physicians of I hila deliblia, than all other postrums combined-a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presedent That this medicine will care liver complaint and dyspepi

sia, no one can doubt after using it is cirected. It acts spe cifically upon the stomach and liver: it is preferable to calc mel in all alions diseases; the effect is immediate. They can auministered to female or infant with safety and reliable benefit at any time. LOOK WELL TO THE MARKS OF THE GENUINE.

DR. ARNOLD'S UNION PILLS. GREEN HILL, Tenn., January 19, 1852.

Dr. Arnoln-Dear Sir-I consider it but an net of justice to yourself and the community, to s ate to you the very great benefit I have received from the use of your Union Pills. Having been for quita a number of years, greatly troubled with dispensia, and consupation of the bowels; at times alarming me greatly. I used every other remedy, al-most that I ever read or head of for the disease, all without the least beneficial effect. I had almost come to the belief, that it was useless to try any more; as I labored under great debility, and my stomach was greatly injured by taking the different Pills, medicine, &c.; but on hearing my ne glibors speak so frequently of the beneficial effects of your Union Pills, I concluded to give them a trial, and bought a fifty cents vial, and commenced their use. From the tirst dose of one Pill I was satisfied it was the medicine for me. I have not yet used quite one vial, and can now say to you with the utmost pleasure, that I have not for the last ten years felt as well, or enjoyed such good health, as I have since commencing the use of your Pills. I would take no sum for the good these Pills have done me, and almost every branch of my family have used them with the same happy effect. At times some of the negroes have had symptoms of fever-at the first complaint I have given them one or two Pills, and never had to repeat the dose but once, which effected a cure. Your other a ed cines used by my family, have had the most happy officet. I shall always keep a sup-ply of your Pills on hand, and I think that no one, laboring as I have under great debility and dyspepsia, with all ther evil consequences, but what would, after a use of your medidines, join me in saying the same of them. NASHVILLE, May 1, 1851. To the Editors of the Nashville Union: Gentien en, - By publishing the following you will much oblige me and center a favor on suffering humanity. It is but justice to the pub-be that the virtues of Mitchell's Indian let currentic desirect should be made familiarly known 'o every one, and particuharly to these afflicted with that painful disease called hi cu-matism. Thave been suffering with that disease for the last two years. I have applied to nun crous physicians, also tried various remedies, recommended to our it, but only found temporary relief and almost in despair of ever getting en-tirely cured; but hearing of Mitchell's ludim bleumatic Extract, for sometime, I was not willing to try it, as I have spent so much money, and all to no purpose; but noticing a card in your paper of Dr. Mitchell's arrival here, I see the him, when he called on n e and assured me le would effect a cure; also satisfied me by certificates, from highly respectable persons in Louisville, some of whom me personally brown to ne, that got well by the use of his Extract, which it can me to give it a trial; and I take pleasure in stating, that after the use of two bottles I am entirely relieved. I el evir g it a duty incumbent upon me to recommend in the stror post to m's a medicine which I believe has no equal in the care of this distressing disease.

Nashville, Tenn., July 31, 1851. To the Editors of the Union: Deeming it my duty to the ablic and especially to those afficied with Rheumatism, that I have been relieved by Mirchell's Indian kheun atte Estrect.

I have been ufflieted for a run ber of years, and application number of physicians for relief, but in vain. I also took different renied es recommended for life numbers, but found different ren ed es recommended for friedmanden, and being them all to be humbugs. Hearing et lir. Mitcheli's friedman Rheumatic Extract, I called en the Dector, and he asserted me I could be cured. Flaving spent so nouch morey and found no relief, Leoncluded to be humbugged to note. I told the Dector I would give him a coronn sum if he would effect a cure. The Dector took my case and furnished are with medicines: I followed his directors; and I am tax happy to state, after the use of two bottles of his extract, and two of his blood purifying remedy. I am entirely releved. As an act of justice to Dr. Mitchell, I take this method of recommending it to those who are similarly afflicted, as a certain rewedy for Rheumatism.
